## A Pilgrimage to Switzerland!

Sunday, July 7, 2024 – Tuesday, July 16, 2024

We are thrilled to announce an exciting journey ahead – a pilgrimage to Switzerland! Embark on a transformative adventure as we trace the footsteps of the legendary Carl Jung. Brace yourself for an enchanting experience as we board a private coach over the majestic Alps, immersing ourselves in the breathtaking landscapes. The pinnacle of our expedition awaits at Eranos, where we will indulge in days filled with captivating dreams. Join us on this extraordinary voyage, where every step echoes the spirit of Jung, and every moment is a dream come true!

### Program Schedule

#### Old Town Zurich

Our journey will begin in old town Zurich, a place full of opportunities and possibilities. What is special about the Old Town is that immediately you are a part of history, it is picturesque and ensouled.

Sunday, July 7th

#### Benedictine Monastery with Black Madonna

We will travel to The Benedictine Monastery at Elsendorff. The story of the Black Madonna and the feminine mysteries come alive in this space. We will also meet Dr. Robert Henshaw, a leading Jungian Analyst. Who will host us and share his archive of Jungian oriented books and memorabilia.

#### Tuesday, July 9th – Friday, July 12th Eranos – Stay in Ascona

Eranos “The Gathering Place,” is the setting where Jung spent many summers, along with Marie Louise Von Franz Mircea Eliade, Joseph Campbell and Erich Neumann to name but a few. They would meet during the summer months to host a “festival of ideas.” Here, at Eranos, we will work with dreams and imagination.

We will enjoy meals on the Terrace overlooking Lake Maggiore and participate in discussion/conversation at the original “Round Table” where Jung and his colleagues evolved so much of what Depth Psychology consists of today.

## A Pilgrimage to Switzerland!

Sunday, July 7, 2024 – Tuesday, July 16, 2024

Friday, July 12th – Sunday, July 14

### Travel from Ascona to Stresa, Italy

We will continue our journey down the lake to Stresa, Italy! This will be a place for personal contemplation, relaxation, and contemplation. This picturesque village is prized for its beautiful architecture and Italian cuisine. Here, too, we will further our exploration into deep imagination. The psychodynamic field will be open ever more fluidly!

Monday, July 15th

### Jung's Home: Private Tour

We have arranged for a private tour of Jung's personal home. We will visit his study and walk the grounds where a number of his living dream images are sculpted in stone.

Tuesday, July 16th

### Bollingen Tower

On our final day we will be received by the Jung family at Bollingen Tower! Ordinarily not available during the Summer, because it is reserved for Jung family members, we have been offered a special invitation to be hosted by the family on Tuesday, July 16th.

We will end our journey together in Old Town Zurich. In a closing dinner and ritual we will reflect on the echoes we experience from walking the path of the Elders of Depth Psychology.

## The Program Includes

Admission to all venues, lectures, ground transportation, a welcome breakfast, lunches, and refreshments while at Eranos, and a closing dinner.
